

Sigma Theta Tau International  
**Honor Society of Nursing**

From its inception, STTI has recognized the value of scholarship and excellence in nursing practice. In 1935, STTI became the first U.S. organization to fund nursing research. Today, STTI supports these values through its numerous professional development products and services that focus on the core areas of education, leadership, career development, evidence-based nursing, research, and scholarship. These products and services advance the learning and professional development of members and all nurses who strive to improve the health of the world's people.

- STTI has more than 135,000 active members.
- Members reside in more than 85 countries.
- 39 percent of active members hold master's and/or doctoral degrees; 51 percent are in staff positions; 19 percent are administrators or supervisors; 18 percent are faculty/academics; and 12 percent are in advanced practice.
- There are roughly 500 chapters at approximately 695 institutions of higher education around the world.
- STTI communicates regularly with more than 100 nurse leaders who have expressed interest in establishing chapters globally.

By your financial support and giving back to STTI, you increase the ability for the work of STTI to grow and continue for years to come.

Thank-you in advance for your support.
